

UNITED WAY OF NORTHEAST FLORIDA IS CREATING POSITIVE, SUSTAINABLE CHANGE BY FOCUSING ON THE BUILDING BLOCKS OF A BETTER LIFE: EDUCATION, INCOME AND HEALTH.

Duval County

Education - Takalya's story

▲ Takalya needed extra help to stay on track in school. Her mom heard about United Way's Achievers For Life, a dropout prevention strategy, and registered her in the program. Through weekly sessions, she received one-on-one mentoring. Today, Takalya has earned a spot on the A/B Honor Roll, completed advanced classes, and qualified as a candidate for a college scholarship program.

United Way is addressing the root causes of issues in Northeast Florida.

ISSUE:

- In Duval County, 34% of 9th graders do not graduate high school.
- High school dropouts earn approximately \$9,634 less per year than high school graduates and are ill-equipped to enter today's competitive workforce.
- On average, households headed by a high school graduate accrue ten times more wealth and have better odds of weathering an unexpected financial crisis than those headed by a high school dropout.

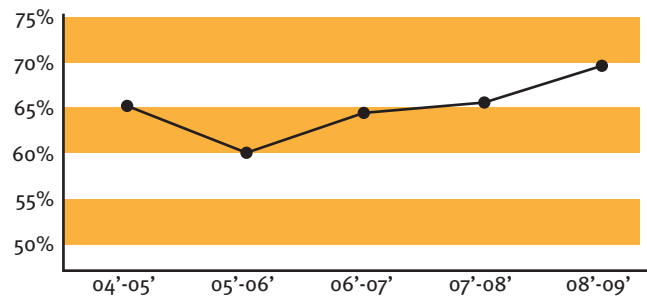

SOLUTION:

- Led by United Way, Full Service Schools brings together community resources, neighbors and schools to promote the health and well-being of students, their families, and neighborhood residents.
- *Achievers For Life*, a strategy to address the problem of dropping out of school, was implemented in Arlington in October 2007, expanded to Northwestern and Matthew Gilbert middle schools in the 2008-2009 school year, to J.E.B. Stuart and Jefferson Davis Middle Schools in 2009-2010, and to Eugene J. Butler in 2011.

IMPACT:

- More than 42,000 people were served through *Full Service Schools* last year.
- Serious student conduct violations have decreased 50% for students served by *Full Service Schools*.
- 760 families were served through *Achievers For Life* last year. Participating students had 25% fewer absences, 20% improvement in GPA, and 26% fewer math and English failures than a comparison group.

DUVAL COUNTY GRADUATION RATES

321,000 Duval County residents receive assistance through United Way-funded programs in Northeast Florida

76 United Way-funded programs help Duval County residents

85 United Way-funded programs help residents in Baker, Clay, Duval, Nassau, and northern St. Johns counties.

124,544 Duval County residents called our 2-1-1 helpline for information and referrals including crisis and emergency financial assistance.

10,173 Duval County households received free tax preparation assistance resulting in nearly \$16 million dollars in refunds to the Duval County economy.

Baker County

Education - Claire's story

▲ Before 3-year-old Claire started a United Way *Success By 6* early learning program, she was having trouble articulating words and communicating with others. Claire is now a talkative little girl eager to participate in classroom activities, has an extensive vocabulary and is on target for kindergarten. Research has shown that for every \$1 invested in early childhood programs, approximately \$17 returns to the community.

United Way is addressing the root causes of challenges facing Northeast Florida.

ISSUE:

- The first years of a child's life are critical to his or her future success. Children are born learning and research has shown that children who receive high-quality child care are more likely to succeed academically, socially, and financially later in life.
- Between 18 and 35 % of Northeast Florida children are behind their fellow students before they even start school.

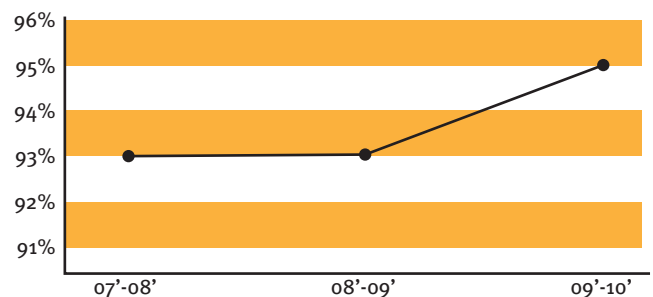

SOLUTION:

- Research has shown that for every \$1 invested in early childhood learning programs returns approximately \$17 to the community.
- United Way's *Success By 6* initiative is increasing access to high-quality early learning activities in Clay County.
- United Way partners to educate parents about the role they play in their child's development using *Born Learning* materials developed by United Way of America, The Ad Council, and Civitas.

IMPACT:

- Last year, more than 2,500 parents learned how to turn everyday activities into learning moments with their preschool children.
- Children who completed the *Success By 6* program had a 13% increase in school readiness and a 57% improvement for preschoolers with very delayed age appropriate vocabulary

Today, Takayla has earned a spot on the A/B Honor Roll, completed advanced classes, and qualified as a candidate for a college scholarship program.

United Way is addressing the root causes of issues in Northeast Florida.

ISSUE:

- Some children come to school struggling with abuse, hunger, homelessness and poor health due to lack of medical attention.
- Children in low-income families have elementary math and reading scores that are four to five points lower.
- Children from low-income families are twice as likely to repeat a grade and are 3.5 times as likely to drop out of school.

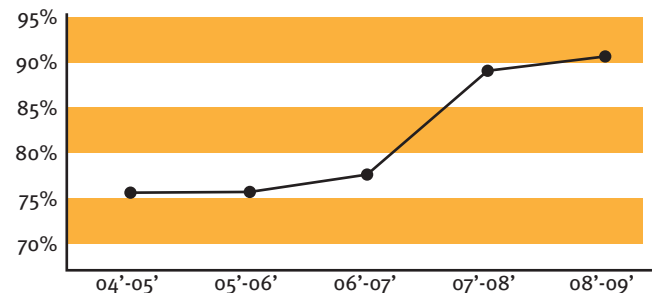

SOLUTION:

- United Way of Northeast Florida invests \$4.6 million in services to help youth succeed in life.

IMPACT:

- As a community, we have increased on-time St. Johns county high school graduations by 18% since the 2004-2005 school year.

ST. JOHNS COUNTY GRADUATION RATES

22,000 St. Johns County residents receive assistance through United Way-funded programs in Northeast Florida

39 United Way-funded programs help St. Johns County residents

85 United Way-funded programs help residents in Baker, Clay, Duval, Nassau, and northern St. Johns counties.
